

2025+ Explorer Installation Guide

1 Use a small screwdriver or pry tool to release tabs on right side slat retainer by prying between slat retainer and vent housing.

2 Release opposite side slat retainer in the same manner.

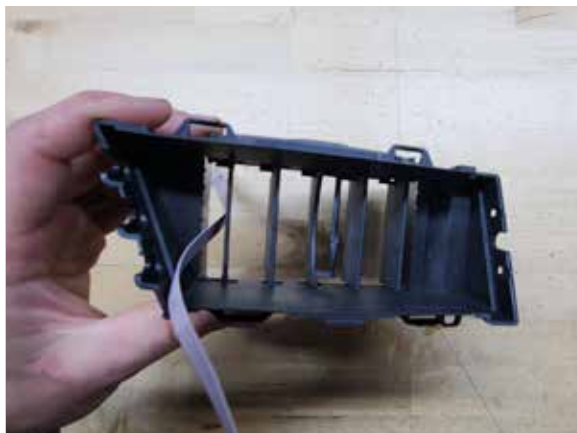

3 Remove right side slat retainer from slats and remove top slat.

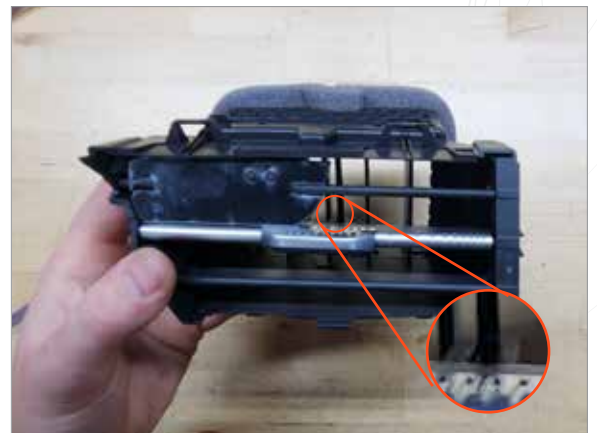

4 Install display in place of top slat and reinstall right side slat retainer.

WARRANTY & LIABILITY:
Neither P3 Cars, nor its dealers or agents shall be liable in any way, for any damage, loss, injury or other claims, resulting from the installation or use of this product. By purchasing or installing this product, you assume all liability of any kind connected with the use and/or application of this product. If you are unsure that you can safely install and use this product, consult a qualified installer or mechanic. The warranty on this product covers only the product itself for a period of 6 months from the date of purchase, and it will be at our discretion to repair or replace the affected parts. No user serviceable parts inside. Warranty will be voided if product shows physical damage.

5 Feed cable through left side of vent as shown.

6a Snap left side slat retainer into place followed by right side slat retainer. Make sure to line up the fork with the vertical slat control.
